It is with great honor that I invite you to join us at the 20th IEA World Congress of Epidemiology. It will be held in beautiful Anchorage, Alaska, USA and hosted by the University of Alaska Anchorage and many of our local, state, tribal and federal partners.

Our theme for the Congress is *Global Epidemiology in a Changing Environment: The Circumpolar Perspective.*

The Congress is divided into 6 major plenary tracks: Circumpolar Health; Climate Change and Health; Health Disparities, Ethics of Human Rights and Social Justice; Innovations in Epidemiologic Methods; Hot Topics in Epidemiology; and Infectious Disease. There will be many presentations on other areas of Epidemiology and Public Health Practice as well, so there will really be something for everyone!

**Early Registration will close on May 15, 2014.**

- [Become a Sponsor](#)
- [Become an Exhibitor](#)

One of the Pre-Conference activities is the [IEA-sponsored Course](#) on Emerging Issues in Epidemiology: Methods, Concepts, Theories and Applications, taking place on August 16.

**ONE DAY – 4 SESSIONS – 11 EXPERT SPEAKERS**

Each speaker has 75 minutes for his topic allowing for lots of interactions!

Participants can expect to gain an overview of the latest developments and advances in epidemiologic methods, learn techniques to enhance the role of epidemiology in clinical medicine and public health, revisit well established approaches to epidemiologic research and participate in discussions on limitations in the theory and practice of epidemiology.

**Early Registration will close on May 15, 2014.**
